May 1, 2018

To Our Valued Customers:

The reason for this letter is to inform you that there is a company in Arizona misrepresenting themselves as being **SRC Oil & Fuel** and also misrepresenting that they are working with **SRC Oil & Fuel**.

Solvent Recy-Clean and their employees are visiting **SRC Oil & Fuel's** customers and misrepresenting that they work with **SRC Oil & Fuel** and that they are affiliated with **SRC Oil & Fuel**. Two former employees of **SRC Oil & Fuel**, Jake Largent and Ty Bennett, are leading this mission of misrepresentation and we have received calls from many of our customers about this problem.

Please be advised and understand that **SRC Oil & Fuel** IS NOT a part of, IS NOT owned by, and IS NOT associated with Solvent Recy-Clean whatsoever. **SRC Oil & Fuel** does not offer any of our services under the name of Solvent Recy-Clean whatsoever.

Please note that our former facility was shared with Solvent Recy-Clean, a separate company unaffiliated with **SRC Oil & Fuel**. **SRC Oil & Fuel** was a victim of a devastating fire caused from Solvent Recy-Clean's operations and **SRC Oil & Fuel** was forced to relocate our business operations due to mandates imposed by the City of Phoenix Fire Department against the Solvent Recy-Clean facility due to the fire.

Solvent Recy-Clean may contact you and imply that they work with or are in some way related to **SRC Oil & Fuel**. We want our customers to be aware that Solvent Recy-Clean is a totally separate business and that their services are not associated with **SRC Oil & Fuel** and our used-oil collection and processing services. Any attempt by Solvent Recy-Clean to solicit **SRC Oil & Fuel** customers or services offered by **SRC Oil & Fuel** or representation that Solvent Recy-Clean is affiliated with **SRC Oil & Fuel** is a direct misrepresentation from Solvent Recy-Clean to **SRC Oil & Fuel's** customers.

SRC Oil & Fuel is proud to say that in November of 2016 we purchased and relocated to a fully permitted and fully compliant tank farm, office, warehouse and yard facility located at 5726 W. Market Street in Glendale, Arizona. We continue to provide quality, reliable, state-of-the art oil and oil products processing and recycling services in an environmentally sound manner.

Please contact us if you have any questions or concerns related to your service from **SRC Oil & Fuel**. We look forward to the opportunity to continue providing the same quality of service you have come to expect from **SRC Oil & Fuel** and we apologize for any inconveniences that have been caused here. Attached please find an updated phone and email contact list for all contacts and for numbers for burner fuel sales and services, used oil collection services, used oil water and vacuum services, used oil filter collection services, new and used antifreeze services and all other environmental services needs.

SRC Oil & Fuel

Office & Facility Address – 5726 W. Market Street, Glendale, AZ 85301

Mailing Address - PO Box 26931, Phoenix, AZ 85068-6931

When choosing an environmental company for services, please take the time to research each company. We recommend site visits to view company operations for recent regulatory inspections, proper facility permits, sufficient pollution insurance coverage, cleanliness and waste and drum handling, which will all lessen your company's risk for dealing with the wrong company.

SRC Oil & Fuel again thanks you for your continued business and support and we look forward to a great 2018.

Sincerely,

SRC Oil & Fuel
